

PROJECT PROFILE

PROJECT TYPE

UPS / Datacenter

PROJECT LOCATION

Overland Park, KS

PRODUCTS & SERVICES

Battery Installation
UPS Preventative Maintenance
Battery Preventative Maintenance

Project Details

This is a training facility which needs to ensure 100% uptime, 24/7. Each year, the oldest of the three battery strings is replaced.

In addition, an annual UPS preventative maintenance procedure is performed with an IEEE-1188 battery inspection.

Contract Holder
Contract GS-07F-0668N
